

UNREALIZED PROJECTS

PROTEIFORM

DESCRIPTION

Proteiform is an uncompleted work started in May 2010. My first intention was to implant multiples yellow pins in big Styrofoam balls to create a 1:1 human scale installation. At the time, my budget to create this new work was somehow limited. I choose to experiment the idea by using smaller balls and reducing the number of elements.

SCULPTURE STUDIES 1/2

proteiform_2010_6 x 3.5x3.5 inches_yellow pins and styrofoam balls.

SCULPTURE STUDIES 2/2

proteiform_2010_6 x 3.5x3.5 inches_yellow pins and styrofoam balls.

DRAWING STUDIES

proteiform_2010_8.5x11 inches_graphite and markers on paper.
