Problem Solving

- Clarity and determination are your key words.
- Luck will play its part, the calm, confident way you work towards your goal is what really counts.
- Think fast and accurately and find it easy to talk to anyone.
- Teaming up with friends will help you make sense of it all.
- Tracing over a path is a good way to develop pencil control.
- You will soon realise what works best.
- Realise you possess more ability than you use.
- Don't be scared to try something a bit different.
- Looking carefully at a picture encourages concentration and attention to small detail.
- Quiet contemplation helps you work.
- Family might be sceptical but let your success prove the point.
- Quirky and streetwise you may be, but if you're struggling to find your niche, stop and look around.
- Try mixing different colours to see what new colours you can make.
- It could be worth picking up a Lottery ticket.
- Shaking up your routine will make a big difference to the way you feel.
- Make sure fragile feelings don't get hurt on your way to achieving your goals.
- Wear cool greens or blues to calm the waters.
- See how far you can get in a talent contest.
- Try to find the right balance between your desires.
- Looking for objects in a picture encourages accurate observation.
- If you're run off your feet schedule in some time to relax.
- Something in your home has a secret value.
- Talk about and describe the different colours and textures.
- There is something about you that ensures your words and wishes will be understood.
- With simple living you can accomplish a lot.
- What you discover could be surprising but helps in every area of your life.
- Handle family life and finances well.
- Activity helps develop concentration, observation and attention to detail.
- Relatives and domestic issues could take over.
- **Rhyming activities help to encourage pleasure in reading.**
- Be organised and determined to find a way to free up time to work on personal plans.
