Dear Mr. Wong,

I have received your materials relating to the Golden Track Proposal T.A. 27 Sydney 2000.

I regret that the proposal, although intriguing, does not lend itself to inclusion in the opening ceremonies.

The panels are essentially an artwork rather than a piece of staging and we believe that any original artworks that are incorporated in the Sydney Olympic Games should come as far as possible from Australian artists. Even so, we would not place any impediment in the path of the athletes as they enter the arena.

I wish Mr. Angerbauer every success with his exhibition in Austria and thank you for your interest in the Sydney 2000 Olympic Games.

Yours sincerely,

Ric Birch
Director of Ceremonies
